PROGRESS...

Just look at all the action that has been and still is happening around St. Joseph Marquette's campus.
Starting June, right after school left out for the summer, Mark Seigny construction moved in.

The Mother Joseph Center- adding a Kindergarten classroom and enlarging 2 other classrooms, new receptionist office and waiting room. Upgraded heating and adding air conditioning, new bathrooms for the boys and girls.
Painted and ready to go.

Mother Joseph Center's new classroom going up

Over at the St. Joseph Building- the gym now has become the school activity room that will also act as cafeteria. A new kitchen and Mrs. Alderson, (better known as Ms. Greta) have a new upgraded office, sick room and Mrs. Sziebert's tutoring room. Each of the St. Joe's classrooms now have air conditioning as well as new heating system.

Marquette the oldest of our buildings is also getting repaired, and refurbished. The outside has been re-mortared, heating and air conditioning installed, a new bookkeeper office and faculty lounge, classrooms back in the lower level for the sixth graders, new science room and upstairs a fine arts center for Mrs. Woods, Mrs. Bassinger, and Mr. Schultz.

PROGRESS CONTINUED...

CONGRATULATE JENESSA FOR STARTING A NEW POSITION AS ADMINISTRATIVE FELLOW AT UNC HEALTH CARE

It is such an honor to be recognized by the University of Washington School of Public Health as this year's Outstanding Master's Student! In addition to the important technical skills, my time in the UWMHA program taught me the importance of leadership through service, collaboration through teamwork and how much can be gained with a spirit of constant curiosity. Well done Jenessa!
